

THE PREMIER PET TURF

ALL-NEW, PROPRIETARY 100% PERMEABLE BACKING

The benefits of making the switch to artificial grass are endless! But not all grass is created equal. While standard hole-punched backings may suffice in light traffic areas, certain conditions - pet applications and areas with large amounts of rainfall - require a premium product that can dispose quickly of water and reduce the odor of pet waste.

PROVIDING MAXIMUM
DRAINAGE

1,500^{IN}/HR

ASTM F1551, THIRD-PARTY TESTED

INTRODUCING THE MOST VERSATILE TURF ON THE MARKET

OUTPERFORMS
COMPETITOR'S

DRAINS BETTER THAN
HOLE-PUNCHED
BACKINGS BY **50X**

COMPLETELY PERMEABLE

Water and pet wastes drain directly through the backing itself at a whopping 1,549 inches per hour.

DIMENSIONAL STABILITY

Boasting an incredible tuft bind, dogs won't be able to dig through the extremely tough backing.

MINIMIZES PET ODORS

Fast drainage reduces lingering pet odors and bacteria buildup.

ECO-FRIENDLY

No toxic chemicals or lead used in any of Go Green's high-quality turf products.

PRODUCT SPECIFICATIONS

Maximum Drainage

Introducing GoFlow®, the latest turf innovation from Go Green. With an all-new, max drainage backing system, GoFlow® allows water, liquids, and pet wastes to drain straight through the backing itself - no holes needed! Advanced microbial additives protect from mold, mildew, and discoloration, keeping GoFlow® green and clean year-round.

YARN SPECS

Yarn Type	Polyethylene Monofilament and Polypropylene
Yarn Color	Sport, Apple, Olive
Thatch Color	Field, Tan

EXTERNAL SPECS

Total Face Weight	50 oz/sy
Total Weight	72 oz/sy
Pile Height	1"
Backing System	Proprietary GoFlow® 100% Drainage Backing
Width	15 feet

Flammability ASTM D2859 & E648	Lead Levels ASTM F1765	Impact Attenuation ASTM F1292	ADA Wheelchair ASTM F1951	Water Permeability ASTM F1551
Pass	Compliant	10'	Compliant	1,549 in/hr

PlayFlow® for Playgrounds

While perfect for pet applications, GoFlow® technology is also changing the game in the arena of playground surfacing as PlayFlow®. PlayFlow® meets stringent ASTM and HIC testing that prioritizes children's safety in both commercial and residential play applications.

- **Superior Durability** - Passes ASTM Tests
- **Cooling Technology** - Lowers Surface Temperature of the Area
- **PomoFresh** - Advanced AntiMicrobial Additive Prevents Bacterial Growth
